

Mizil, Romania

Population

city: 14,312

Land area

19 km²

Population density

753 inhabitants/km²

Mizil is located on the European road E577 (DN1B), halfway between Ploiești and Buzău, on the railway linking Romania's capital to Moldova. The city has a reviving industry after an accentuated fall in 1990-2000. In the city, there are companies in the fields of: furniture production, food industry, textile and heavy industry. Mizil is situated on the border between the plain Câmpia Română and the sub-Carpathian hills, near many companies activating in the field of agricultural and processing production, vineyard and wine-making. Mizil represents a real hub for the surrounding rural area, having a great impact over the local transport network.
